Control Alk

Concentrated Laundry Builder

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

BUILDER

Control Alk

Concentrated Laundry Builder

What is Control Alk?

A controlled alkali laundry builder that prepares fabric in the wash wheel to be washed. By raising the pH of the wash water, entrapped soils & greases begin to be released from the fibers of the fabric. Control Alk is an super high pH builder that is sodium hydroxide based. Besides raising the pH of the wash water, special chelating agents condition the water to boost the detergent performance. Whether it is industrial linen or towels in a nursing home, Control Alk will deliver unparalleled performance.

Benefits:

- Quickly raises the pH of the wash cycle.
- Breaks down organic greases & oils.
- Contains special water conditioning chelating agents.
- Corrosion inhibitors prevent equipment corroding.
- Convenient packaging.

Precautionary Statements:

For institutional or commercial use.

DO NOT MIX WITH OTHER CHEMICALS

Before use, read product label and Safety Data Sheet.

This product is designed to be injected into machinery with laundry specific dispensing equipment. Do not pour this product directly onto dry fabric. Inject into the cycle cycle or before adding a concentrated detergent. Make sure to use proper protective clothing when applying handling this chemical.

Tech Specs:

Color.....Clear
 Fragrance.....Faint
 Form.....Liquid
 Phosphates.....None
 Flash Point.....212°F
 pH.....14
 Specific Gravity...1.22 g/m³
 Viscosity.....Thin
 Foam.....None
 Biodegradable.....100%
 Shelf Life.....1 Year

Available Packages

2751-2.5	2x2.5 Gallon Case
2751-5	5 Gallon Plastic Pail
2751-15	15 Gallon Plastic Drum
