Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

GRILL CLEANING

OGC II

Heavy Duty Clinging Oven & Grill Cleaner

What is OGC II?

A liquid commercial strength oven & grill cleaner that eliminates the need for heavy scrubbing or scraping. This cleaner works quickly to remove tough grease & carbon deposits. O.G.C. II will fight through the toughest layers of build up to restore any oven or grill to its original shine and performance level.

Benefits:

- Specially formulated for deep penetration of carbonized grease, oil, and soot.
- Clings longer than leading hood cleaners.
- Product does most of the cleaning with little scrubbing required.
- High foaming and economical allowing for multiple concentrations and applications.
- Approved for use in USDA areas.
- Contains sequestering & chelating agents to prevent scale build up on coils when used on a regular basis.

Instructions:

For institutional or commercial use.

Before use, read product label and Material Safety Data Sheet.

Product may be diluted with up to 3 parts water before using. Neglected areas may require stronger solutions. Apply and allow to dwell as long as possible.
